In Practicing Democracy, eleven historians challenge conventional narratives of democratization in the early United States, offering new perspectives on the period between the ratification of the Constitution and the outbreak of the Civil War. The essays in this collection address critical themes such as the origins, evolution, and disintegration of party competition, the relationship between political parties and popular participation, and the place that parties occupied within the wider world of United States politics. In recent years, historians of the early republic have demolished old assumptions about low rates of political participation and shallow popular partisanship in the age of Jefferson—raising the question of how, if at all, Jacksonian politics departed from earlier norms. This book reaffirms the significance of a transition in political practices during the 1820s and 1830s but casts the transformation in a new light. Whereas the traditional narrative is one of a party-driven democratic awakening, the contributors to this volume challenge the correlation of party with democracy. They both critique constricting definitions of legitimate democratic practices in the decades following the ratification of the Constitution...

Reviews

This publication might be well worth a study, and much better than other. It is among the most awesome book i have got study. You may like the way the article writer publish this publication.
