Alger Hiss and the Battle for History

Reviews

This created pdf is excellent. We have read through and I also am sure that I am going to go going to study yet again and again in the future. You will not truly feel monotony at any time of your time (that's what catalogues are for concerning should you check with me).

(Myriam Bode)
Yale University Press. Paperback. Book Condition: new. BRAND NEW. Alger Hiss and the Battle for History, Susan Jacoby, Books on Whittaker Chambers and Alger Hiss abound, as countless scholars have labored to uncover the facts behind Chambers's shocking accusation before the House Committee on Un-American Activities in the summer of 1948—that Alger Hiss, a former rising star in the State Department, had been a Communist and engaged in espionage. In this highly original work, Susan Jacoby turns her attention to the Hiss case, including his trial and imprisonment for perjury, as a mirror of shifting American political views and passions. Unfettered by political ax-grinding, the author examines conflicting responses, from scholars and the media on both the left and the right, and the ways in which they have changed from 1948 to our present post-Cold War era. With a brisk, engaging style, Jacoby positions the case in the politics of the post-World War II era and then explores the ways in which generations of liberals and conservatives have put Chambers and Hiss to their own ideological uses. An iconic event of the McCarthy era, the case of Alger Hiss fascinates political intellectuals not only because of its historical significance but because of its timeless relevance to equally fierce debates today about the difficult balance between national security and respect for civil liberties.
